

Notice of Availability of Additional Responses to Comments

Final Environmental Impact Report for the San Rafael Transit Center Replacement Project

State Clearinghouse No. 2018102042

Date: November 8, 2022

The Final EIR for the San Rafael Transit Center Replacement Project was made available to the public on October 27, 2022. Since posting the Final EIR on the District website, it has come to the District's attention that additional written comments received during the public comment period on the Draft EIR were inadvertently omitted from Final EIR Chapter 9, Responses to Comments. Those written comments and responses to the comments are attached to this memorandum as Final EIR Chapter 9A, Additional Comments and Responses. *As detailed in the attached responses, responding to these comments did not require any changes to the Final EIR or result in any new significant or substantially more severe impacts.*

The release of these additional responses to comments does not change the information presented in the Notice of Availability of the Final Environmental Impact Report (NOA), posted with the Final EIR on October 27, 2022. From the date of posting of these additional comments (November 8), agencies and the public will have 38 days to review the Final EIR in its entirety, including the additional responses to comments attached to this memorandum, prior to the District Board of Directors' meeting on December 16, 2022 (see below). This timeframe exceeds the CEQA Guidelines requirement to allow "At least 10 days prior to certifying an environmental impact report, ...to provide a written proposed response to a public agency on comments made by that agency" (State CEQA Guidelines Section 21092.5).

Public Meetings:

As described in the previous NOA, the District Transportation Committee Meeting will discuss the Final EIR on December 15, 2022, at 9:00 a.m. The public may attend the audio-only Transportation Committee Meeting by calling (415) 569-6446. Additional information about the meeting is available here: https://www.goldengate.org/events/transportation-committee---december2022/?F_y=2022&F_m=12&F_c=.

The District Board of Directors will consider certification of the Final EIR and action on the proposed project at the Board of Directors meeting on December 16, 2022, at 10:00 a.m. The public may attend the audio-only Board of Directors meeting by calling (415) 569-6446 or the public overflow number: (415) 636-8761. Additional information about the meeting is available here: <https://www.goldengate.org/district/board-of-directors/board-calendar/events/board-ofdirectors---december-2022/>.
